Subject: RE: INVENERGY NSR/PSD Permit Comments

Shaun,

Acknowledging the receipt of your responses to the modeling comments we provided for this project. I have also received a notice from Carl Dettlinger with additional information for the Invenergy project. I will try and go through these files over the next few days. I have read over your responses and do not see anything that makes me think we will need to follow up with any of your responses. Thanks for refining the analysis to address the modeled 1-hr NO₂ violations. That was the most substantial comment that we hoped would be addressed.

I will follow up to confirm your responses are adequate as soon as I can. Feel free to reach out to me if you have any questions or concerns.

Tim LG

Subject: RE: INVENERGY NSR/PSD Permit Comments

Tim,

Attached are ACHDs responses to the your comments for the proposed Invenergy AEC permit. I am going to have Carl Dettlinger setup an FTP site for you to access the files shortly.
Please email me, if you have trouble accessing the site.

Let me know if you have any follow-up comments or what not as Permitting is working through the remaining comments for this permit.

Thank you,

Shaun
